

February 12, 2007

Dear Community Member,

As you may know from our previous letter to you on January 25, we will be hosting an Open House at the New Brunswick Community College Saint John campus on the proposed second refinery, Project Eider Rock.

The Open House sessions will provide you with information on the project and give you the opportunity to provide input. Members of the Project Eider Rock team will be on hand to speak about a number of topics, such as the project description, the location study area, the provincial and federal environmental assessment processes and other areas of interest. The sessions will be held on both Friday and Saturday, with the same topics being covered on both days.

Open House sessions are part of the environmental assessment process, which will study what a new refinery would mean to the environment and the community. We are committed to keeping you well informed, and want to hear your thoughts and concerns about the project.

In the meantime, if you have any questions regarding Project Eider Rock, please e-mail us at [elderrock@irvingoil.com](mailto:elderrock@irvingoil.com), or phone Jill Johnston at 202-5483. Jill or another member of the team would be pleased to speak with you at your home or by telephone.

Here are the Open House details:

**Where: NBCC, Saint John Campus (Gymnasium) – 950 Grandview Ave.**

**When: February 16 – 2pm to 8pm  
February 17 – 9am to 2pm**

We hope to see you there.

Sincerely,

A handwritten signature in blue ink that reads "Kevin Scott". The signature is written in a cursive style with a stylized "K" and "S".

Kevin Scott  
Director of Refining Growth  
Irving Oil
