

# Paper Machine Oil

## Heavy Duty Detergent Oil

### Features & Benefits

- Excellent stability
- High detergency and dispersing characteristics
- Excellent system cleanliness
- Excellent corrosion and rust prevention
- Excellent stability for longer oil life

**Irving Paper Machine Oil** is a heavy-duty oil with a high detergent concentration. This product was formulated specifically for the paper making industry.

**Irving Paper Machine Oil** is created using premium paraffinic base oils for enhanced stability and a higher viscosity index (VI).

**Irving Paper Machine Oil** is fortified with inhibitors to protect against oxidation, wear, rust, acids and foam. This combination helps to keep systems clean and ultimately aids in elongating equipment and oil life. The detergency and dispersing abilities of these oils ensure they can reduce deposits from forming while keeping circulating systems clean, maintaining oil flow and reducing down-time.

**Irving Paper Machine Oil** can be filtered as fine as twelve microns without danger of stripping out any additives.

**Irving Paper Machine Oils** are primarily for the dryer roll circulating oil lubrication systems of all makes of paper machines. This multifunctional oil has excellent high temperature oxidation stability with the necessary alkalinity and rust prevention that is essential for the hot, wet environments of dryer roll bearings.

### Typical Results

Test Method	220	460
<b>AGMA GRADE</b>	5EP	7EP
<b>VISCOSITY (D445)</b> cSt @ 40°C cSt @ 100°C	230.5 19.7	453.5 30.6
<b>DENSITY @ 15°C, (D4052) (kg/L)</b>	0.90	0.91
<b>VISCOSITY INDEX (D2270)</b>	98	97
<b>POUR POINT (°C) (D97)</b>	-15	-12
<b>FLASH POINT (°C) (D93)</b>	227	229

### Sizes & Order Codes
