

Jet fuel

Supply chain excellence – from refinery to market

For decades we've been making products that exceed manufacturer and environmental regulations. We focus on building trusting relationships by providing quality products, a safe, reliable supply and responding to your needs quickly and respectfully.

Supply chain excellence

- **Best practices** – We have been fuelling commercial airlines, military aircraft, cargo carriers and corporate fleets for more than 40 years. As an IATA Strategic Partner, we practice the policies and procedures that have revolutionized aviation standards.
- **Reliable supply** – From our state-of-the-art refinery in Saint John, NB, a dedicated fleet of truck, rail and marine vessels deliver jet fuel to 20 plus airports in Atlantic Canada and New England.

The products you need

- **Quality products** – We produce and deliver jet fuel that meets CAN/CGSB-3.23 and ASTM D-1655 specifications.

A team on your side

- **Customer focus** – Our commitment to you is a part of who we are as a company. Since 1924, customer focus has been one of our guiding principles.
- **People you trust** – Our mobile team understands the market, provides technical support and is dedicated to serving you. At our three FBOs in Gander, St. John's or Goose Bay, Newfoundland, expect service with a smile in addition to jet fuel.
- **Customer support** – We have a Customer Support Team available to take care of your needs.

A focus on quality

- **Quality focus** – We test all raw materials and finished products to ensure our customers receive high-quality, dependable products.

Three quick questions to get us started

1. Which locations do you travel to?
2. Will you require hangar space on arrival?
3. What is your annual volume and fleet size?
