

Hand Sanitizer

8.45 U.S. oz (250 mL)

Reliable supply to meet your needs.

Reliable supply

Produced in our blending and packaging facilities in New Brunswick, Canada, we control all aspects of the product manufacturing process. We have a solid supply chain and are committed to getting you the products you need, when you need them.

Listed with the Food and Drug Administration

Our hand sanitizer is listed with the Food and Drug Administration (FDA) and meets all of the registered requirements.

Quality formula

Our Irving Hand Sanitizer is 73% Isopropanol-based and is specifically designed to kill harmful bacteria and germs. All our products are tested from raw material to finished packaged goods and we adhere to the most robust quality standards in the industry.

Responsive customer service

Our strong commitment to our customers has been the way we have done business since 1924. We keep our promises to our customers and are always available when you need us.
